### WASHINGTON.

#### Gen. Bristow Nominated for Secretary of the Treasury.

#### THE CIVIL RIGHTS BILL GOES OVER.

#### Appropriations for Public Buildings.

WASHINGTON, June 2.—The nomination of General Bristow, of Kentucky, to be secretary of the treasury, though very generally anticipated in political circles, has produced a marked sensation. General Bristow is personally very popular in Washington, and his appointment is no surprise to those who are acquainted with the personal relations and feeling with the president. The appointment is quite favorably received, and as there is no doubt that it will be confirmed by the senate, it is conceded in political circles that the opinions of the new secretary of the treasury upon the financial question are in accordance with those of the president. The prominent friends of expansion in the senate say that they suppose General Bristow would not have been appointed if this accord of views had not been previously ascertained.

It is considered very doubtful to-night if the nomination of Judge Richardson for the vacant judgeship of the court of claims will be confirmed. There is no doubt that it will be opposed.

It was well understood that the civil rights bill would be brought up to-day in the house of representatives, but Butler did not get his opportunity until late in the day, and as the hour for the usual recess at 4:30 was approaching, Mr. Butler just desisted from getting the consent of the house to take the bill from the speaker's table and have it referred to the judiciary committee, with leave to report at any time. It was refused and he then moved to suspend the rules and pass the bill, when several democratic members moved to adjourn. The time required to take this vote by the yeas and nays expired the house to the hour of 7:30 and thus the bill lost its chance, the speaker holding that no such motion to suspend the rules could be made at the evening session.

Had the motion come up earlier in the day, it is believed that it would have passed, as about two-thirds of the house voted against adjournment. The absentees to-day among the democrats and conservatives were Clymer, of Pennsylvania, Creamer of New York, a habitual absentee, Davis of West Virginia, Egan, of Illinois, Hamilton of New Jersey, Jewett of Ohio, Marshall of Illinois, McLean of Texas, O'Brien of Maryland, Parker of New Hampshire, Roberts of New York, a habitual absentee, Stephens of Georgia, at home sick, Waddell of North Carolina, Ward of New York, Young of Georgia. Some of the gentlemen were reported with republicans, but at this stage of the session a two-thirds vote is needed to pass this bill, and if a dozen or two democratic pair off, each with one republican, the bill can be passed very readily. If these gentlemen want to defeat the civil rights bill they ought to be in their places in the house, as the struggle is liable to be a very close one.

THE CONFERENCE COMMITTEE on the finance bill met again to-day and interchanged views, but without coming to any agreement. The main difficulty lies in preparing a bill which will meet the executive approval. The president is in the attitude of a skeptic, and tonight the prospect of any successful financial legislation is regarded in the best informed quarters as very unfavorable.

THE HOUSE TO-DAY put through under whip and spur a new tariff bill, reported by the ways and means committee, similar to the one already reported, but differing in some particulars. The bill had not even been printed, and was so badly written that the clerk bogged in reading. No discussion whatever was allowed, except a short and muddy speech from Mr. Dawes. The bill does not interfere or reduce the enormous taxation of the present tariff law, but rather gives it a quasi endorsement, and enlarges the specific duties which have been favored by the protectionists. The bill imposes a heavy duty on cheap wines, fifty cents per gallon, an increased duty on tin and double the present duty on hops. Mr. Dawes was guilty of a piece of bad faith in this matter, having promised a separate vote in the house on this item and then cheated the western members out of it. The bill gave some concessions to the tobacco growers by allowing them to sell one hundred dollars worth of tobacco of their own growth, and also extend the time for one year for redeeming lands sold under the direct tax act. These features help to pass a bill otherwise open to grave objections.

PUBLIC BUILDINGS.—The house committee on appropriations to-day agreed to insert in the sundry civil appropriation bill the following amounts for public buildings at the places named: Boston post office \$352,087, Boston custom house \$25,000, Chicago \$700,000, Cincinnati \$600,000, Evansville, Ind., \$50,000, Hartford \$150,000, Memphis \$25,000, New Orleans \$101,000, New York \$1,344,207, Omaha, 2,000, Philadelphia, \$750,000, St. Louis \$750,000, San Francisco \$183,742, Knoxville \$50,000, state, war and navy department buildings, Washington, \$70,000, Milwaukee \$35,492. There are several other appropriations, being for the south. About \$7,000,000 in all are proposed for public buildings, and for general repairs \$200,000. Some of these appropriations include furniture; \$292,600 are inserted for survey of boundaries of Indian reservations and \$2,532,660 for Choctaw claims.

PERSONAL.—Nominations by the president: John Masson, surveyor general of the territory of Arizona; Peter Negley, assistant surveyor, Baltimore; David Wann, surveyor of customs at Galena, Ill. Postmaster: John N. Stephen, Lancaster, O.; J. H. Howard, Verdun, Ill.; George D. Hunter, Newlin, Ia.; Moses Messer, Hudson, O. GERMANY.—The attorney general has decided that the time at which the importation of

### THE AMERICAN PILGRIMS IN FRANCE.

#### THE CITY OF FEZ AGAINST A GATE FOX.

#### FRANCE.

PARIS, June 2.—Intelligence has been received here that a communist colonel, who was sent to New Orleans, has made his escape.

The left center, at a meeting to-day took action toward an alliance with the right center. A motion was drawn up declaring in favor of the establishment of a republican government, which all the members of the left will sign, in hope that the right center will support it when it is submitted to the assembly. Gambetta gave his answer, where he is to deliver an important speech on the political situation.

The Catholic club gave a banquet to the American pilgrims to-day.

The comte de Sigar occupied the chair, and proposed toasts to the pope and the American bishop, which were received with great enthusiasm. Judge Theard, of New Orleans, gave the sentiment in honor of Catholic France, and in an eloquent speech followed the memories of Rochambeau and Lafayette. Messrs. Forbes, Swanger and others made appropriate remarks.

SPAIN.—Madrid, June 2.—A special frigate has arrived at Grand Algeria to take on board and bring to this country the convicts who escaped from Cartagena at the time of the suppression of the intrinsigence insurrection.

BAYONNE, June 2.—The town of Hernani is hard pressed by the Carlists, and the republican commander there requires reinforcements.

General Loma, with the first corps of the army of the north, has joined General Concha's command at Miranda.

MADRID, June 2.—The national forces entered Chilo, dispersing a body of 4000 Carlists.

#### SOUTHERN ILLINOIS NORMAL UNIVERSITY.

CARBONDALE Jackson County, ) May 15, 1874.  
On condition that a sufficient number of young persons desire, and are willing to contribute a very small sum toward defraying expenses—say two hundred at four dollars each—a Normal Institute will be held in the new building, commencing July 1, the day of dedicating the buildings, and continue till July 31. The Principal of the University will have charge, and the several members of the faculty will give the main part of the instruction. At least ten lectures will be given, and if the cash contributed is sufficient, the best men of this state and Missouri and Indiana will be brought in for these lectures.

If not more than one hundred and fifty attend, the personal contact with the instructors will be greater and the profit more; and as the expense of the institute will be the same, the fee should be five dollars. If three hundred attend, the fee could be reduced to three dollars.

As the state legislature makes no provision for paying the expenses of such an institute, so desirable and valuable to public schools, will not all the newspapers of Southern Illinois, and another favor to the many they have already done the community, and give this announcement several gratuitous insertions in a good place, and call the attention of teachers to it.

Let all who wish to attend, send their names at once—and not later than June 20, 1874—to Dr. Robra, secretary of trustees, of Southern Illinois Normal University, Carbondale.

Good board can be had in Carbondale at reasonable rates.

N. B.—The institute cannot be held with less than one hundred and fifty who will pay five dollars each.

ROBERT ALLYN, Principal of Faculty.

## THE DOMINION.

QUEEN, June 3.—A dispatch from St. Raymond says 500 men were drowned while endeavoring to run two rafts down the rapids of St. Anna river.

## MOROCCO.

LONDON, June 3.—A dispatch from Morocco says that 12,000 inhabitants of the city of Fez have risen in consequence of the imposition of the gate tax. All business was stopped. At last accounts there had been no fighting. It was hoped the sultan would yield to the desire of the people and remove the objectionable tax.

## INDIA.

LONDON, June 2.—The victory of India telegraphed that rain has been general north of the Ganges, and portions of the country south of the river have been visited with rains. The fears of further distress are measurably allayed.

## NEW YORK.

NEW YORK, June 2.—The Labor Union Benevolent society has ordered that on and after to-day no member shall work under regular wages, \$2 50 per day for attending meetings, and \$2 50 per day for attending platters.

The United Order of American bricklayers have resolved to enforce the rule fixing day's wages at \$3.

The stage drivers have declined to compromise at \$2 75 per day. They still demand \$3.

The ship *Beniamin* from Italy for New York, sprung a leak and sunk in latitude N. 26, longitude W. 46. The captain and crew took to the boats.

The boat containing the carpenter, Henry Brown, the sail maker, and William Thompson, Peter Savage and Richard Schenck, were picked up by the schooner *Clara*. They had been out nineteen days, and for three days had neither water or provisions. On their arrival at Staten Island three of the men were sent to the hospital. Two other boats, commanded by the first and second mates, have not been heard from.

The stage drivers' strike ended in the success of the companies.

The general court of the superior court affirmed the decision for the recovery from Walter Beach of \$94,000 belonging to the Bowling Green Savings bank.

The hod carriers, by order of the Laborers' Benevolent Society, struck to-day for higher wages. This strike necessarily prevents the bricklayers and masons from working, and it is likely to cause much distress.

## MEMPHIS.

MEMPHIS, June 2.—A number of witnesses were before the grand jury to-day in regard to the outrages and robberies perpetrated by the negroes in the vicinity of the national cemetery on Decoration day. The *Ledger* asserts that Wm. Henry Taylor, superintendent of the cemetery, assisted the negroes in their acts. Thomas Swan, president of the police board, says he tried to prevent the robberies by sending armed men to protect the owners of the groceries and stands, but admits he took \$25 from Mr. Pope for license to sell, because it was on the programme that nothing was to be sold in that vicinity yesterday afternoon.

Thomas Farrell, a mattress maker, residing near Austin, was fatally cut by Henry Porter, colored, who, with Henry Clay, colored, got into a dispute with Farrell about the civil rights bill, and in the quarrel Porter drew a razor across
